We will also explore the fascinating archaeological park of Sacsayhuaman –once the great Inca “House of the Sun”- and the beautiful Sacred Valley of the Incas, with its impressive archaeological sites and splendid Andean scenery. From the enigmatic splendor of Machu Picchu, we will descend into the Amazon rainforest. In Tambopata National Reserve, one of the most biologically diverse places on Earth, we will spend four days in search of giant otters, macaws and the elusive jaguar.

Day 1: Lima (Arrival)

You will be met at Lima's international airport and escorted to your hotel, after which you will have the rest of the day free for optional sightseeing excursions.

Day 2: Lima - Puno

In the morning, you will be transferred from the hotel to Lima airport for the domestic flight to Juliaca, in southeastern Peru. You will be met at the airport and driven to your hotel in the lakeside city of Puno (3800 meters / 12,550 feet), where you will have the rest of the day free for optional visits and acclimatization.

Day 3: Lake Titicaca - Floating Uros islands and Amantani Island

After breakfast, we will begin our cruise on the highest navigable lake in the world, heading first for the Uros floating reed islands. From here, it is a two-hour boat ride to the island of Amantani, where we will spend the night in the homes of local people. This is a unique opportunity to learn more about the ancestral traditions and daily life of the people who inhabit the Lake Titicaca region. In the late afternoon, we will head to the highest part of the island to enjoy the sunset over Lake Titicaca. On a clear day, it is possible to see the distant peaks of the Cordillera Real in Bolivia.

Day 4: Lake Titicaca - Amantani/Taquile/Puno

After a traditional breakfast, we will say goodbye to our hosts and start our return journey. After a lake cruise of approximately 90 minutes, we will pay a visit to the neighboring island of Taquile. The inhabitants of this island have retained many of the traditions, customs and laws established by their Inca ancestors. We will have plenty of time to explore the island, visit the community and their handcraft center, and enjoy a local lunch, before boarding our boat again for the return trip to Puno, arriving in the city in the late afternoon, where you will be transferred to your hotel.

Overnight stay in Puno

Day 5: Puno - Cusco

After a full day's scenic bus ride across high Andean plains, we will arrive in Cusco, the former capital of the Incas. We will have lunch along the way and visit several places of interest, including the charming colonial church in the picturesque village of Andahuaylillas and the temple to the Inca creator god at Raqchi. Upon arrival, we will check in to our hotel and rest, in preparation for your first full day in the imperial city of Cusco (3300 meters / 10,900 feet).

Day 7: Sacred Valley Of The Incas

We will leave the city in the early morning and head by bus to the Sacred Valley of the Incas. Along the way, we will visit a weaving center and museum, where local weavers will explain the textile making process from shearing, spinning and dyeing with plant extracts to the actual weaving of textiles. After this special experience, we will continue our tour by visiting the archaeological site at Pisac. This charming colonial-era village with its lively local market is situated at the base of a mountain upon which the Incas built a fortified temple complex. We will have plenty of time to explore this beautiful place. After a picnic with fantastic views of the Sacred Valley far below, we will visit the colorful handcraft market in the village, and in the afternoon we will drive to the village of Ollantaytambo. Located at the narrow end of the Sacred Valley, this village is often described as a living museum, where the descendants of the Incas continue to live in houses built by their ancestors, below the ruins of an imposing Inca temple complex.

You will be escorted by an expert guide, who will explain the significance of this unique legacy of the great empire of the Incas. Upon arrival at Posada Amazonas, we will receive a short presentation and a full briefing on the lodge and the Eseja Ecotourism Project.
